

# Can you use your creative skills to make a story sack?

While some of you have more time at home, we would love you and your family to get involved in making Emscote children a story sack.

As well as being fun to make, story sacks stimulate language development and make reading more memorable.

## What is a story sack?

A story sack is a large cloth bag with a children's book and objects that support the re-telling of the story. It could include puppets, models of characters or objects, games, and non-fiction books related to the story. Please choose contents that can be reused over and over again by different children. If you could also make the cloth bag, that would be great!

There are lots of examples online if you search for 'story sack ideas'.

## How will it work?

- The PTA have kindly paid for 33 books!
- If you want to join in, sign up next week (22 June) using the list on the office door
- You'll get a text or email to ask you to collect your book
- You then have until September to carefully make your resources
- When you donate your sack, you'll receive a special certificate and a bookmark to say thank you, and your name will be permanently attached to the story sack.
