Year 2: Additional Maths Learning - White Rose Maths Resources

After half term, we will be starting to use the White Rose Maths website for maths learning. It is a great resource that the Junior School have been using for home learning during the last half term. We are now able to offer this to the infant school and hope that it will run alongside maths that the children do through Athletics and on home learning sheets.

To access the resources, go to the following website: <https://whiterosemaths.com/homelearning/year-2/>. There are videos for each day of the week.

Use the Year 2 work and start on: **Summer Term - Week 6 (w/c 1st June) / Day 1**

Each week the set of daily activity sheets will be emailed to you along with the main home learning sheet. Ideally, you will need to print out the worksheets which your child should complete after the video has been watched. On a Friday there is usually a 'Friday Maths Challenge' which your child can complete as well.

Answer sheets and the worksheets for the week will be able to be found on the school website in the year group section of the 'Home Learning' area:
