

The Reception Round-up!

Some of the lovely things we have been learning this week: SO proud of everyone's hard work! 🍌🍌🍌🍌🍌

Maths:

Next week we will be learning about sharing amounts and consolidating odds/evens.

Phonics:

We have been continuing to recap phase 2 and 3 sounds. Please continue lots of practice writing sentences encouraging your child to write some sentences that make sense.

Topic:

Next week we are continuing our focus on Polar Animals. They are really enjoying making lots of junk models and crafts. Toilet roll tubes would be useful please!

Summer Fair tomorrow 12-2pm!

Please join us on All Saints' field 12-2pm tomorrow. The children have made a craft that you can buy there and there's a bouncy castle, Pimms, games, tombola, etc. It's sure to be lots of fun!

What's going on this week/notices/information:

Homework this week: As many children are absent due to chickenpox, I thought I'd mention the homework on here so that they can still do it at home if they feel up to it. We have been learning about the Antarctic this week and would like to children to record a short video of them saying some facts about the Antarctic. Please upload these to Tapestry and we will watch them together next week!

Thank you for the donations for the tombola. There are some really exciting toys and prizes to win.

We hope you have a lovely, sunny weekend
