

The Reception Round-up!

Some of the lovely things we have been learning this week: SO proud of everyone's hard work! 🍌🍌🍌🍌🍌

Maths:

Next week we will be teaching the children their number bonds to 10. We hope the children will have a quick mental recall of them. E.g.

$$5+5=10$$

$$6+4=10$$

$$7+3=10$$

$$8+2=10$$

$$9+1=10$$

These are fun to practice on journeys – you say a number and your child says the other number that makes 10

Phonics:

We are recapping Phase 2 and 3 sounds currently. The children are working so hard in their phonics!

Something to work on

The children are getting very good recognising their sounds. Any practice you can do with your child to read words that have the digraphs in e.g. sh ee p = 'sheep' and ch i ck = 'chick' would be really helpful as some children are sounding these out like s h e p without recognising the digraphs in them.

Topic:

We will be reading 'Jack and the Beanstalk' and discussing how the characters felt at different points in the story. The children will plant a bean during Wonderful Wellies and later in the week we will read 'Jim and the Beanstalk' and compare the books – similarities and differences. It would be wonderful if you could practice at home, your

What's going on this week/notices/information:

Names in clothing: Please double check you have your child's name clearly in each item of clothing. Many names have faded or are not clear or there at all. It will greatly help the speed in which we can give these items out and help you not to lose anything in school. Thank you so much.

Junk Modelling: Please can you send any toilet or kitchen roll tubes into school on Monday for our Jack and the Beanstalk crafts? Also, general clean junk modelling boxes and recycling that the children can use to make models, would be greatly appreciated!

We hope you have a lovely weekend!
