

The Reception Round-up!

Some of the lovely things we have been learning this week:

We have been learning all about Diwali, the festival of light. We really enjoyed decorating our Diwali biscuits. In Maths we have been thinking about repeating patterns and making our own.

Some of the things that children might experience next week:

Next week we are learning about Harvest and practicing our Harvest songs for Church next Thursday at 9am. We will be exploring Harvest foods and making crafts.

On Friday afternoon we will have fun showing our family what we do at school! Please remember to collect your child at 12pm and return at 2pm. **Cake donations welcome!**

Topic Books:

Each child in Reception is going to have a Topic Book. We will use these to share photos of the lovely activities they do at school. You will get to keep your child's Topic Book at the end of the year. Where possible we will take individual photos to stick in, but due to the nature of learning in the Early Years Foundation Stage, children may occasionally appear in a group photograph which will be stuck into each child's book. If you have any questions or queries about our Topic Books, please do not hesitate to speak to us.

Sounds we have learnt this week:

Sounds we will be learning next week:

What's going on this week/notices/information:

Tesco, Warwick have very kindly agreed to support us by providing the ingredients we need for our cooking! They will sometimes come in to cook with us, too. On Monday they will help the children make mini pizzas to bring home to bake.

Toast worked really well this week, so please continue to just send £1 in on Mondays if you would like your child to have toast for the week.

A final reminder that **Tuesday** is your deadline for making a Cauliflower Cards order and all artwork must be returned by **Thursday** please. Thank you for your co-operation.
