

The Reception Round-

Some of the lovely things we have been learning this week:

Practising our weighing on the balance scales using the words 'heavier' and 'lighter'.

Some of the things that children might experience next week...

Starting our topic on Traditional Tales, beginning with the story

Retelling the story using our new tuff tray story world.

How you can help your child at home:

As we are beginning to near the end of our reception year we are starting to think about end of year expectations. To reach the expected level in **Writing** children need to be able to **independently write simple sentences that can be read by themselves and others**. In **Maths** children need to be able to **count reliably with numbers from 1 to 20, place them in order and say which number is one more or one less than each number**. They need to add and subtract two single-digit numbers and count on or back to find the answer.

What's going on this week/notices/information:

A few parents have asked if there is another parents evening before the end of term. Unfortunately this is not the case, however there is an end of year report for each children which will come home in July. If you would ever like to discuss your child progress however before this please speak to your class teacher, we are always here to help! ☺

Please don't forget that Monday 3rd June is a teacher training day so we will look forward to welcoming the children back on Tuesday 4th
