

## Weekly Topic Tasks for Year 1

<b>Monday</b>	Make a model of a building in Warwick using recyclable materials. Not too big! Ask the children to discuss the buildings they saw on our Warwick walk. Please keep the models as we would like to create 'Warwick' as a model town when back at school.
<b>Tuesday</b>	
<b>Wednesday</b>	Write a set of instructions, informing others how you made your model. Use words such as first, after that, next, then and finally to begin each instruction.
<b>Thursday</b>	Using the 2 paint program on Purple Mash (see the school portal), draw a 2D version of your model.
<b>Friday</b>	Do further research on your chosen building. Write any new facts you have found out about it. Remember your presentation and punctuation.
