

The Reception Round-up!

Some of the lovely things we have been learning this week: SO proud of everyone's hard work! 🍌🍌🍌🍌🍌

Topic:

We will be learning about how water melts into ice and the basic facts of the water cycle.

Phonics:

Sounds	
ar	or

They will learn the **ar** and **or** sounds. They will write words with them in and sentences too.

Red Noses:

We have boxes of Red Noses in school. If your child would like one, they can bring £1.50 into school and ask one of the grown ups in Reception and they can choose a Red Nose!

Maths:

Next week we will learning about comparing weight and capacity. We will be carrying lot lots of practical activities and I'm sure the children will enjoy these and come up with lots of good ideas!

We have been so impressed with the reasoning that the children do in maths, explaining their understanding and how they think it all through! Super stars!

What's going on this week/notices/information:

Parents Evening: Mrs Gray and I are looking forward to speaking to you all remotely next week.

PTA event next week: On Thursday the children are having a very exciting treat – a slice of pizza and a visit to the ice cream van (on the playground!) Thanking the PTA for their generosity and also Harvey Nijjar's Grandad who has paid for the ice creams. It is so kind of him and a lovely idea from the PTA, to give the children such an exciting treat!

Have a great weekend!
