

## Weekly Topic Tasks for Reception

 	<p>These are the two <b>new</b> sounds the children need to learn to recognise, say and read/write in words, then sentences.</p> <p><b>ow</b> action is...pretend your finger is a needle and prick thumb saying ow, ow, ow.</p> <p><b>oi</b> action is... cup hands around mouth and shout to another boat saying, "Oi! Ship ahoy!"</p> <p>(We have learnt Phase 2 and up to these for Phase 3 so you may like to make some flashcards/print those off Twinkl to keep practicing. Your child can show you all the actions!)</p>
<b>Monday</b>	<p>Listen to the story of 'Whatever Next'</p> <p><a href="https://www.youtube.com/watch?v=6c5cb0u0rPM">https://www.youtube.com/watch?v=6c5cb0u0rPM</a></p> <p>or you might have this book at home.</p> <p>Talk about what happened at the beginning, the middle and the end. Also, your favourite part of the story and why you liked it.</p>
<b>Tuesday</b>	<p>Can you have fun acting out the story or retell it through drawings.</p>
<b>Wednesday</b>	<p>Have a picnic with some of your teddies, like Baby Bear does on the moon. You might even want to do some cooking for it!</p>
<b>Thursday</b>	<p>Choose one of the characters from the story and look at the picture of them carefully. Use your sketching skills that we have been learning, to sketch this character as best you can!</p>
<b>Friday</b>	<p>Play a listening game - collect together some objects (for example a colander, bear, wellies). Take turns to describe and item and see if your partner can guess which one you are describing.</p>

Dear children,

We hope you have had a sun and fun-filled first week at home! We are all starting our day with the Joe Wicks PE workout at home with our families - you might enjoy this too! If you go out for walks, can you spot any Rainbows in windows? Can you beat Mr Queralt's 5 that he saw?

Take care, love the Reception Team x
