| Monday | Map of the United Kingdom On the map of the United Kingdom (UK) on p3, we would like you to label and colour the countries of England, Scotland, Northern Ireland and Wales. Also, find and label the capital cities - London, Edinburgh, Belfast and Cardiff. Can you find where Warwick would be too? <i>The Queen lives in one of the capital cities - what is the name of the palace that she lives in and the name of the city?</i> As a challenge, mark on other places that you have visited in the UK and/or name some of the seas that surround the UK? |
| Tuesday | Union Jack Flag The flag of the United Kingdom is called the Union Jack and is made up of flags from each country that make up the UK. Using a ruler, carefully recreate a Union Jack flag and colour it in correctly.  You could also have fun creating your own family flag of your own design and colour! |
| Wednesday | If you were King or Queen for the Day! We would like you to have fun thinking about what it would be like if you were King or Queen for the day! <i>What would you do if you were king or queen?</i> <i>What would your name be? Would you make up new rules? Would you change the world? Or would you have a fun day doing as you please? Do you think you would like it? Write about what you might do!</i> |
| Thursday | Design and make a crown On a sheet of paper, design a crown for yourself as king or queen and label the drawing with the materials, colours and jewels that you would need to make it. Once you've designed your crown, you can then create your own if you have the resources at home. <i>Challenge: Discuss with a grown up how you could work out the size of your head in centimetres, so your crown fits perfectly!</i> |

| Friday | Special Commemorative Stamp Design The Queen is on many postage stamps and special stamps are also created for different occasions. To celebrate the work of the NHS, your task today is to design a stamp to celebrate the amazing work of the National Health Service (NHS) during this time. There is a stamp template on p4 to help you if you would like. You may want to add rainbows, the NHS logo, pictures of doctors/nurses, positive messages of thanks - it's up to you! |  |

Maths Extra Activity - measuring in centimetres:

Using a ruler or tape measure, we would like you to practise measuring different objects around your house. You could compare the sizes using the more than > and less than < or same as = signs! Remember to start measuring from '0cm'.

| Object Name | Size in cms |

Special Stamps

Three new stamps are being designed to celebrate a special occasion. Can you help to create them?

Three blank rectangular boxes with wavy borders, intended for designing stamps. The boxes are arranged with two on top and one centered below them.
